

KITCHENS *Plus*

ARCHITECTURAL CABINETRY AND DESIGN

“KITCHEN INGREDIENTS” TO SPICE UP YOUR OVERALL PLAN APPLIANCES, FIXTURES, COUNTERTOPS, FLOORING

RANGES: 30", 36" – 48" freestanding, drop-ins, gas commercial, downdrafts (eliminates hood)

WALL OVENS: 27", 30", 30" undercounter, single, double, microwave combo, convection, thermal

COOKTOPS: modular – mix and match 12" – 24", standard 30", 36", 42", 48" are available in commercial style models, downdrafts (eliminates hood)

MICROWAVE: countertop, undercounter mounted, mid-size to full-size can be built into wall or cabinet, microconvection models, micro-hoods (eliminates hood). Sizes vary from 15" – 24" wide

HOODS: 30", 36" and larger in commercial styles. Sleek, traditional, commercial, microhoods, or integrated hoods that look like your cabinetry – blends into your design

REFRIGERATORS: FREE-STANDING – standard 28" – 36" wide, 60" – 70" high, 27" – 31" deep.

BUILT IN – 24" – 48" wide, and 24" deep which fits flush with cabinetry. Truly a way to go if you want a perfect integrated look in your new kitchen design

DISHWASHER: standard 24" wide. Look for water-saving and energy-efficient models that will save you money in the long run, and always worth the initial extra cost

TRASH COMPACTOR: 12", 15", 18" wide models. Rectangular bins are the most efficient. Look for models that have a key lock for safety, and foot pedals for convenience. You will benefit highly on weekly visits saved to the garbage can when you recycle glass, metals, and plastics along with this wonderful appliance! Mother Earth will love this.

KITCHEN INGREDIENTS, page two

DISPOSAL: continuous feed (wall switch), batch feed (cover switches unit on). Look for insulated models that reduce sound levels, anti-jam, heavy-duty stainless grinding chamber for longer life.

SINKS: single, double, triple, integrated drainboards. 18-gauge stainless is more durable, porcelain on cast iron is more resistant to chipping than porcelain on steel. Quartz is very durable and comes in new, clean fashion colors. Dupont's Corian sinks are integrated into their outstanding selection of countertops

FAUCETS: are very different and there are so many types and styles, we suggest you save this decision for last, after major fixtures are agreed upon.

COUNTERTOPS: Listed in order of cost, lowest to highest. Decorative laminate, solid-core laminate, ceramic tile (excludes labor), solid man-made surfacing, marble, granite

FLOORS: Listed in order of cost, lowest to highest. Vinyl sheet goods, carpeting, ceramic tile, hardwood, marble
